Over the next two months, we are migrating our Facebook Group to a new Facebook page. A primary reason for this is to allow us to tie together multiple social media utilities. If we post on the new Facebook page, it will automatically appear on the website and vice versa. The page allows us to track the number of people who are seeing our information and interacting with it. It also allows us to control who can post to the page. All ministry leaders will have access to post information relative to their ministry activities, plans and events. Please search on Facebook for “Moncton First Nazarene” and “like” the page. We will deactivate the current group within two months. Migrate today so you don’t miss out on anything. Also look for any new posts on the new Facebook page. It is currently live.
